

Arctic Berry Peel & Peptide Illuminating System

PROFESSIONAL TREATMENT

In just 3 steps, this innovative professional peel and peptide system treats signs of aging and hyperpigmentation, while calming inflammation. Transformation begins with manual and active enzyme exfoliation, followed by a naturally-derived, multi-acid (20%) activating peel. Skin is then infused with a soothing and cooling moisturizer containing powerful peptides to relax facial muscles. The result? A smooth, luminous complexion.

Featured in this collection, an exquisite blend of arctic berries, lingonberry seed oil and hibiscus seed extract protect with antioxidants and calm with anti-inflammatory properties. Suitable for all skin types including sensitive, rosacea and acne prone.

See reverse for at-home product pairings.

STEP 1 - EXFOLIATE

Arctic Berry Enzyme Exfoliant

Enzymatic and manual exfoliator for all skin types.

Experience ultimate skin renewal from the powerful combination of enzymatic and manual exfoliation.

Naturally-derived papain enzyme breaks down and removes dead cells on the skin's surface while finely ground wild cherry bark gently exfoliates to refine the skin's texture. Discover a smoother skin tone and a more luminous and even appearance.

KEY INGREDIENTS: Arctic Plants & Berries, Lingonberry Seed Oil, Hibiscus Seed Extract, Papain Enzyme, Ground Wild Cherry Bark, Gotu-Kola Stem Cells, Azelaic Acid, Salicylic Acid

PRO: 250 ml / 8.4 oz

STEP 2 - ACTIVATE

Arctic Berry Pro Advanced Peel Activator MA²⁰

Multi-acid 20% professional-strength peel activator for all skin types.

Boasting 6 different acids, this superior professional-strength peel removes layers of the skin to reduce hyperpigmentation and inflammation, fine lines and wrinkles and is also suitable for sensitive skin types. ActiWhite™, derived from sweet pea extract, lightens the appearance of the skin, while gardenia stem cell technology improves elasticity and skin tone for a younger-looking appearance. Note Step 2 will require neutralization with the Soothing Chamomile Tonic.

KEY INGREDIENTS: Arctic Plants & Berries, Lingonberry Seed Oil, Hibiscus Seed Extract, Flower Acids, Azelaic Acid, Mandelic Acid, Malic Acid, Citric Acid, Lactic Acid, Actiwhite™, Gardenia Stem Cells

PRO: 120 ml / 4 fl oz

STEP 3 - ILLUMINATE

Arctic Berry Peptide Radiance Cream with Peptide Illuminating Complex

Soothing peptide cream for all skin types.

Skin is nourished with ultra-hydrating organic jojoba oil working alongside the exclusive Peptide Illuminating Complex for a soothing final step for the 3-step system and an all-powerful daily moisturizer.

Featuring hibiscus seed botanical peptides, yellow plum and gardenia stem cells, our exclusive Complex is formulated to target collagen loss, dehydration and inflammation. These peptides gently relax muscles and diminish wrinkle size to provide a botox-like effect as well as boost collagen production naturally.

KEY INGREDIENTS: Arctic Plants & Berries, Lingonberry Seed Oil, Peptide Illuminating Complex (From Hibiscus Seed, Yellow Plum, Gardenia), Jojoba Oil, Gotu-Kola Stem Cells, Biophytex™

RETAIL: 60 ml / 2 fl oz

PRO: 125 ml / 4.2 fl oz

Arctic Berry Peel & Peptide Illuminating System

AT-HOME TREATMENT

Keep the skin radiant in between spa treatments with this 3-step system to target aging, hyperpigmentation, and calm inflammation. Enjoy gentle manual and enzyme exfoliation, then amplify with a mild self-neutralizing peel to reveal radiant skin.

An exquisite blend of arctic berries, lingonberry seed oil and hibiscus seed extract protect with antioxidants and calm with anti-inflammatory properties. Suitable for all skin types including sensitive, rosacea and acne prone.

STEP 1 - EXFOLIATE

Arctic Berry Enzyme Exfoliant

Enzymatic and manual exfoliator for all skin types.

Experience ultimate skin renewal from the powerful combination of enzymatic and manual exfoliation.

Naturally-derived papaya enzyme breaks down and removes dead cells on the skin's surface while finely ground wild cherry bark gently exfoliates to refine the skin's texture. Discover a smoother skin tone and a more luminous and even appearance.

KEY INGREDIENTS: Arctic Plants & Berries, Lingonberry Seed Oil, Hibiscus Seed Extract, Papaya Enzyme, Ground Wild Cherry Bark, Gotu-Kola Stem Cells, Azelaic Acid, Salicylic Acid

30 ml / 1 fl oz

STEP 2 - ACTIVATE

Arctic Berry Advanced Peel Activator MA¹⁰

Multi-acid 10% peel activator for all skin types.

This self-neutralizing MA¹⁰ (multi-acid 10%) peel gently removes layers of the skin naturally to initiate clearer, smoother and more luminous skin. Reduce hyperpigmentation and inflammation, fine lines and wrinkles and enjoy improved elasticity and skin tone. Bright, glowing skin comes from ActiWhite™, to lighten the appearance of the skin.

KEY INGREDIENTS: Arctic Plants & Berries, Lingonberry Seed Oil, Hibiscus Seed Extract, Flower Acids, Azelaic Acid, Mandelic Acid, Malic Acid, Citric Acid, Lactic Acid, ActiWhite™, Gardenia Stem Cells

30 ml / 1 fl oz

STEP 3 - ILLUMINATE

Arctic Berry Peptide Radiance Cream

Soothing peptide cream for all skin types.

Transform the skin's appearance with this all-powerful daily moisturizer featuring the exclusive Peptide Illuminating Complex. Reveal radiance naturally and discover smooth, even and luminous skin.

KEY INGREDIENTS: Arctic Plants & Berries, Lingonberry Seed Oil, Peptide Illuminating Complex (from Hibiscus Seed, Yellow Plum, Gardenia), Jojoba Oil, Gotu-Kola Stem Cells, BioPhyTex™

30 ml / 1 fl oz

*Also available individually:
60 ml / 2 fl oz*
